 [PROPOSED] ORDER**

 Time: 11:00 a.m.
 Place: Judge William H. Alsup

 San Francisco, CA 94102

In this case, the plaintiff contends that the defendant's ordinance, which requires disclosure of certain information by wireless telephone retailers at the point of sale, is preempted by federal law. It has just come to the defendant's attention that the ordinance requires a minor amendment, to clarify the nature of the disclosure requirement. This may affect the briefing schedule that the parties proposed in the initial case management conference statement. Accordingly, the parties request that tomorrow's

1 initial case management conference be continued for one week, by which time the parties will be
2 prepared to propose a briefing schedule to the Court that takes into account this new development.
